Company Profile

Over 10 years ago the vision and "all-in-one" concept began. The combination of a premier-quality sports campus and an exciting restaurant atmosphere, Yarks welcomes the competitive, casual, and corporate players.

The name Yarks was coined by the founder and managing partner, Andrew Needham, who created it based on the concept of the facility: "Where the Yard Meets the Park."

Since its early beginnings, Yarks has been joined by five other local partners from St. Petersburg. Together, we invite you to Play the Experience.

During your next visit to Yarks, say hi to "Softball Guy" and look for other locations coming soon throughout the Southeast U.S.

Where else can you find a location that holds tournaments, family reunions and little league summer camps? You've found it at Yarks Sportery & Eatery.

Accommodations for:

League Play

Private Tournaments

Field & Facility Rentals

Business Conferences

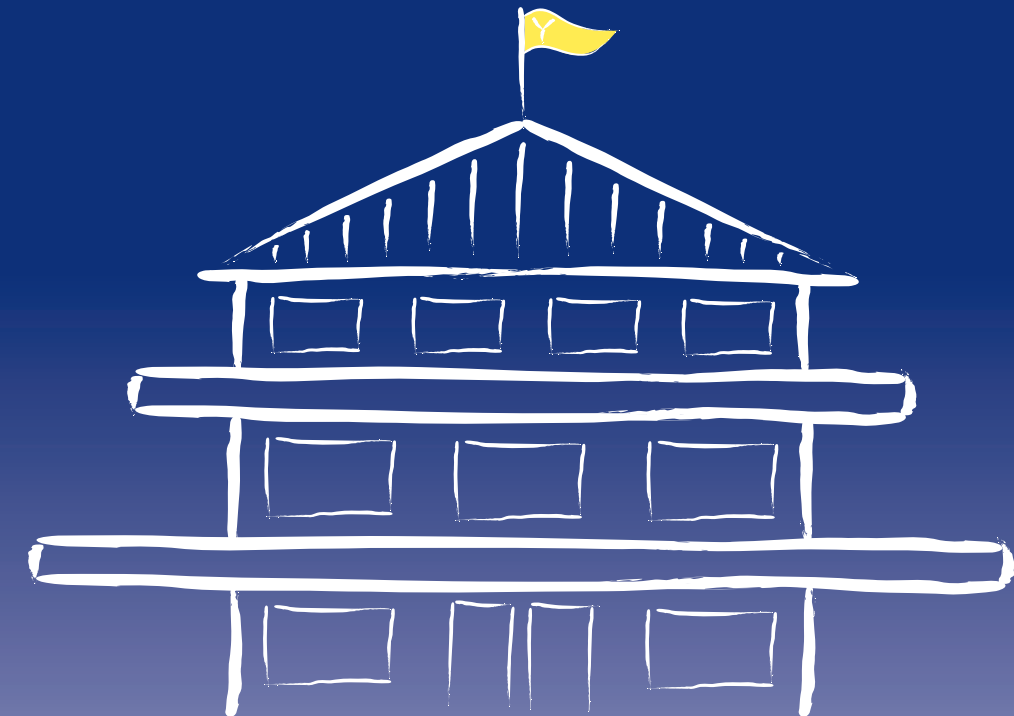

Parties & Banquets

Reunions
